MESSAGE FROM

CHAIRMAN

As one of UAE's most successful companies, our corporate journey began in early 1988, when I first came to Dubai to explore the market. At that time, UAE had already embarked on its own nascent path towards prominence on the world business and economic stage.

JOGA RAM Group was formed with one of our companies - JOGA RAM Furniture Industry LLC, opening its first-ever office with joinery facilities in Dubai in the year 1999. For almost two decades, we have been continuously growing, traversing the peaks and troughs of the global economy to become a leading player, servicing the local and export market covering the MENA region.

We have expanded our business sectors to Building Contracting and General Trading of products related to joinery and building material, thereby creating a sustainable support system for these two verticals. Our companies - JOGA RAM Building Contracting Co. LLC and JOGA RAM General Trading LLC are now flourishing businesses that add value to our offerings to the clients as a group for all requirements of office and residential interiors under one roof.

We are changing our overall business strategy to be one of UAE's most innovative, most valuable and most admired companies by adopting new technology, innovative thinking and above all investing & retaining the right people under the Joga Ram family.

We come from a heritage of skilled craftsmen in the furniture industry that dates back several generations. We at JOGA RAM group take pride in our attention to detail that imparts uniqueness to the end product for each and every client.

Our designers and craftsmen produce the best blend of functionality and aesthetics which clearly reflects in our quality. We believe in nurturing the talent we have and empowering our people who are our main strength and we are proud to say that our success & growth is because of them.

Due to the commitment and the expertise that we garner, some of our major clients have now tied up with JOGA RAM GROUP in a joint venture thereby strengthening our long-term business relationships.

As a group Managing Director, my vision is in sync with the philosophy of our Chairman & my father Mr. Joga Ram. I too firmly believe that quality, value for money and above all complete satisfaction of all our customers should be the only way of doing business and not a choice.

All our companies are based on this simple philosophy and we take pride in our style of working. We promise to maintain our vision across all verticals and all regions.
